- 28S = Health and Physical Activity Skills courses: start March 25th and 26th
- 410 = Lifetime Leisure Skills: (watch for additional tuition and/or course fees)

3. Fall 2013 courses will be on ISIS March 21, 2013; new courses will be added to the International Studies course database a week later, so continue to check for additional courses

4. Students will register for summer / fall 2013 courses April 22 – May 3, 2013

5. Make an appointment with Karmen to be cleared to register and/or to review your graduation plan; if you can't find an appointment on the online scheduler, contact the International Studies Program at 319/384-1328, 21 Schaeffer Hall

6. Instructions for new degree audits on ISIS:

Log into ISIS

Go to Student records

Find "Degree audit" (left hand column)

Choose International Studies from "Program of Study" drop down

Click REQUEST AUDIT; wait for green ribbon to appear at top of screen

Then click CHECK FOR COMPLETED AUDITS (you often have to click it a few times, eventually your IS degree audit will appear; then click VIEW)

ICFRC Lecture Luncheon – Professor Ahmed E. Souaiaia on The Arab Spring: Syria and Bahrain

When: Monday, March 25, 12:00-1:15 PM

Where: Congregational Church at 30 North Clinton Street, Iowa City

The protests and demonstrations which began in Tunisia in December 2010 have swept across the Arab world, causing the overthrow of numerous governments and the transformation of societies. Professor Souaiaia will provide an overview of the transformative events of the Arab Spring, discussing the difference between the uprisings that ended the rules of Ben Ali and Mubarak, the armed rebellions in Libya and Syria, and the potential for a new order in the Gulf States. He will further address the current situations in Syria and Bahrain.

This luncheon will be catered by Oasis Falafel. Luncheons are \$9.00 for ICFRC members, \$12.00 for non-members. You are encouraged to bring guests who would enjoy this topic.

DOMINICAN REPUBLIC

Health, Nutrition & Environmental Issues

Eligibility

This program is open to students in good academic and disciplinary standing. All applicants must have an interest in health, nutrition and environmental issues, as demonstrated through prior course selection, job experience, or other academic or non-academic involvement.

For the summer session, students must also have completed a year of university-level Spanish, or four years of high school Spanish.

Fall participants must have completed two years of university-level Spanish, or the equivalent.

Applicants must have at least a 2.5 cumulative grade point average and be 18 years of age by the program starting date.

Next Steps

More information and applications are available online at international.uiowa.edu/study-abroad.

Students from outside of the University of Iowa should note that an earlier deadline may apply on their campus. Check with your study abroad office for more information. The application deadline is March 15 for the summer session, and April 1 for the fall session.

Dominican Republic

Program Summary

The Dominican Republic: Health, Nutrition and Environmental Issues program is a cultural immersion program that provides undergraduate students with an opportunity to study a broad range of health and nutrition-related topics through interdisciplinary, field-based studies, as well as an immersive environment in which to improve their Spanish language skills.

Student can choose to participate in the summer session, fall session, or both.

Dominican Republic

The Dominican Republic is a Spanish-speaking Caribbean country comprising the eastern two-thirds of the island of Hispaniola, where Columbus settled on his first voyage to the Americas. With cultural influences of Native American, European, and African origins, it is a country of contrasts and diversity. Rugged mountains, lush valleys, beautiful coastlines, and bustling towns and cities are all part of its varied geography.

The summer session takes place in two locations. During the first half of the program, participants live in Jarabacoa, a small city in the central mountains about 45 minutes from Santiago. The second half of the program takes place in La Esquina, a small rural community near the northern coast. Both sites offer unique opportunities for cultural immersion and research options.

The fall session takes place in Santiago, the second largest city in the Dominican Republic. Here, students have the opportunity to see the busier side of life in the DR, while still developing strong cultural connections and exploring a variety of research options. Short visits to rural sites are also a key component of the fall session.

Academic Program

The program includes educational excursions to sites relevant to the study of Dominican health, nutrition and environmental issues, Spanish language instruction, and a research project related to program themes under the guidance of the faculty director and program staff.

Through the summer session, students become familiar with public and environmental health issues in the Dominican Republic while learning to develop and implement a field-based research project through a thematic seminar (5 sh). Students also take a Spanish language course at the appropriate level (3 sh). Excursions may include visits to community health centers, a reforestation project, hospitals, and clinics.

During the fall session, students choose from a variety of intensive Spanish, health, social science, and elective courses at the Pontificia Universidad Catolica Madre y Maestra (PUCMM). Students can earn between 12 and 18 semester hours through this session.

Accommodations

Students are housed with Spanish-speaking Dominican families and are provided with their own private bedroom. Most students are housed in lower-to-middle-income homes (by local standards). Households vary and students should be prepared to adapt.

Cost

Updated program costs will be posted on the Study Abroad website when they are available in early spring.

Program Dates

Program dates vary from year to year. The summer session runs from mid-June through the first week of August, and the fall session runs from mid-August through mid-December. The exact dates for this year's program are posted on the Study Abroad website.

Financial Aid & Scholarships

University of Iowa students can apply their financial aid package to study abroad programs, and are eligible to apply for additional study abroad scholarships and grants. More information can be found on our funding website: <http://international.uiowa.edu/study-abroad/funding>

Students from outside the University of Iowa should check with their home university's study abroad office for financial aid and institutional scholarship information.

Hertog Global Strategy Initiative @ Columbia University

Call for Applications: **The History of Climate Change and the Future of Global Governance**

Department of History, Columbia University, New York, NY

May 28 - August 16, 2013

The Hertog Global Strategy Initiative (HGSI) seeks talented undergraduates, graduate students, and mid-career professionals for its 2013 seminar on the History of Climate Change and the Future of Global Governance.

HGSI is a research program that explores how the world community has responded to planetary threats to derive lessons that will help us take on the challenges of the present and the future. Each summer, a select group of participants comes to Columbia University for three months to work with leading scholars and policymakers. This year's initiative hopes to train a new generation of researchers and leaders who understand both the development of climate science and the changing nature of world politics.

Participants pursue original research both independently and in teams. Students will receive eight credit points for the seminar, the equivalent of two semester-long courses at Columbia.

For more information about the program or financial aid opportunities, or to apply, visit: globalstrategy.columbia.edu. You can also find us on Facebook and Twitter. Please direct any further questions to globalstrategy@columbia.edu or 212-854-9854.

Call for Papers: *tiresias: writings in gender and sexuality*

Fall 2013 Issue

Purpose:

tiresias is an interdisciplinary journal that provides a forum for research in the study of gender and sexuality. It is interested in formal essays that explore the way these concepts and identities intersect with race, class, and history. *tiresias* welcomes academically rigorous, *undergraduate* level research that speaks to issues regarding past, present, and future directions of gender and sexuality.

Types of Submissions:

We accept original research articles and analytical essays. Papers are welcome from all departments, including but not limited to: Anthropology, Comparative Literature, Classics, English, History, Linguistics, the Natural Sciences, Philosophy, Political Science, Psychology, and Women's and Gender Studies.

Expectations:

Submissions must be contextually appropriate. They should contain thorough introductions and ground the reader in the method, lens, or discipline from which they derive. Each submission must contain a well-articulated thesis that is supported throughout the article with scholarly research. Submissions should qualify all theses, premises, and claims using substantial evidence and cogent arguments. Footnotes must properly cite respective sources.

Format:

Submissions must follow the author-date system of documentation, with limited footnotes, as outlined in *The Chicago Manual of Style* (16th edition). Articles should not exceed a maximum length of 5,000 words, including references and footnotes. An abstract of no more than 250 words must accompany your submission. Authors should include the following information on a separate title page: name, email address, university, major, and year of graduation.

Deadline: **May 31, 2013**

Email submissions to: RUTPjournal@gmail.com with the subject title as "Submission- Fall 2013-[your name]."

Summer and Fall Internships!

Are you interested in learning more about international relations? Would you like to help plan events and assist with the visit of international world leaders?

Then you should **APPLY FOR AN INTERNSHIP** with ICFRC and CIVIC.

Deadline to apply for an internship is March 25th, 2013.

(Early applications are greatly appreciated.)

As organizations dedicated to the promotion of global awareness, we host and coordinate visits for international, cultural, and education exchange programs for emerging world leaders. We also host international forums and public lectures. Preferable candidates are enthusiastic and dependable with excellent communication skills who will commit to 10 hours per week for the summer and fall. You will have the opportunity to meet emerging leaders from around the world and learn about coordinating events, marketing, finance, mediation, and more! You can also apply these hours to community service requirements for college!

Oh...and it looks stellar on college applications.

To apply: Email your application and a resume to: icfrc@uiowa.edu
