Classics Graduate Studies Application Checklist

Application must be completed and all items submitted by January 15!

- UI Graduate Admissions online application: [http://grad.admissions.uiowa.edu/apply](http://grad.admissions.uiowa.edu/apply)
  Please do not send any materials directly to the department. Everything must be uploaded at the Graduate College Admissions site.

*** We highly discourage applicants from using dossier services, such as Interfolio. It is the responsibility of the candidate to upload application materials through the online graduate admissions system. Documents received from Interfolio and other third-party dossier services are complicated to extract and create unnecessary work for admissions and department staff, often delaying application processing and review. Follow all instructions and register your references directly in the application system; do not use third-party dossier services.***

- Application fee

- Official transcripts of ALL prior academic records
  The undergraduate transcript should include Latin and Greek language courses: three years of one language and two years of the other language. Students with fewer years of language may be admitted on probationary terms.

- Official GRE (Graduate Record Examination) verbal, quantitative, and analytical scores

- TOEFL scores (if you are from a country where English is not the first language)

- Three original letters of reference submitted from persons familiar with your academic performance, written on the referee’s letterhead when possible. Register all referees in the online application as instructed; do not use Interfolio or other third-party dossier services to collect and submit letters of recommendation.

- A one-page statement of your purposes, goals, and special interests relevant to your application to Classics, i.e. why you are applying and what you hope to achieve in your graduate program

- A 5-10 page double-spaced sample of your best critical written work (e.g. term paper, seminar report, published article)

- A list of Greek and Latin works read in their original languages
