| Entering Level I | A2         | • The student demonstrates limited ability in distinguishing or recognizing sounds, words or phrases in English.  
• The student demonstrates limited fluency, vocabulary and grammar knowledge and usage as well as incomprehensible pronunciation.  
• The student demonstrates limited understanding of English organization or coherence patterns.  
• The student demonstrates limited knowledge of speech functions and their accompanying pragmatic features. |
| In order to move to Level E | A2/B1  | • Student can demonstrate parsing of word boundaries for basic numbers and familiar vocabulary in continuous speech that contains basic reduced speech as measured by cloze tests or dictation.  
• Student can assign primary stress to multisyllabic words.  
• Student can demonstrate listening comprehension of a 2-3 minute simulated or adapted conversation or report when provided with a simple outline as measured by multiple choice questions or short responses.  
• Student can demonstrate intelligible pronunciation in spontaneous discourse through accurate sounds, word stress, rhythm, sentence stress, intonation, and pausing covered at this level as measured by question responses or conversation.  
• Student can demonstrate accurate pronunciation in prepared discourse of accurate sounds, word stress, rhythm, sentence stress, intonation, and pausing covered at this level as measured by a presentation or prepared recording of 1-2 minutes.  
• The student can demonstrate a high degree of accuracy in spontaneous production of grammatical structures covered in this level as measured by question responses or conversation.  
• The student can demonstrate a high degree of accuracy in prepared grammatical structures covered in this level as measured by a presentation or prepared recording of 1-2 minutes.  
• The student can demonstrate a high degree of accuracy and range in vocabulary selection covered in this level.  
• The student can perform a range of speech functions (including but not limited to initiating, maintaining, and closing a conversation; active listening techniques as well as asking for and giving clarification) spontaneously, coherently, cohesively, and fluently as measured by an interview or conversation.  
• The student can demonstrate the ability to present information effectively in an organized, well-supported, cohesive manner using appropriate speed and non-verbal behavior with accurate pronunciation of accurate sounds, word stress, and intonation covered at this level as well as a high
| In order to move to Level E1 | B1 | • Student can demonstrate parsing of word boundaries for numbers including thousands, years, and prices as well as familiar vocabulary in continuous speech that contains simple reduced speech and basic linking as measured by cloze tests or dictation.  
• Student can assign primary stress to multisyllabic words.  
• Student can demonstrate listening comprehension of a 5-minute conversation or report with an outline provided by the instructor as measured by multiple choice questions and short responses.  
• Student can demonstrate intelligible pronunciation in spontaneous discourse through accurate sounds, word stress, rhythm, sentence stress, intonation, and pausing covered at this level as measured by question responses or conversation.  
• Student can demonstrate accurate pronunciation in prepared discourse of accurate sounds, word stress, rhythm, sentence stress, intonation, and pausing covered at this level as measured by a presentation or prepared recording of 2-3 minutes.  
• The student can demonstrate a high degree of accuracy in spontaneous production of grammatical structures covered in this level as measured by question responses or conversation.  
• The student can demonstrate a high degree of accuracy in prepared grammatical structures covered in this level as measured by a presentation or prepared recording of 2-3 minutes.  
• The student can demonstrate a high degree of accuracy and range in vocabulary selection covered in this level.  
• The student can perform a range of speech functions (including but not limited to conversation management techniques, asking for and giving clarification as well as discussing ideas and viewpoints) spontaneously, coherently, cohesively, and fluently as measured by an interview or conversation.  
• The student can demonstrate the ability to present information effectively in an organized, well-supported, cohesive manner using appropriate speed and non-verbal behavior as measured by a 2-3 minute prepared speech sample about a process or personal opinion.  
• The student can demonstrate appropriate academic culture as measured by classroom behaviors and practice of academic honesty in the US and the University of Iowa. |
|---|---|---|
| In order to move to Level E2 | B1/B2 | • Student can demonstrate parsing of word boundaries for numbers including decimals, fractions, and percentages as well as varying word forms of familiar vocabulary in continuous speech that contains reduced speech and basic linking as measured by cloze tests or dictation.  
• Student can assign primary stress to multisyllabic words. |

### In order to complete IIEP B2/C1

- Student can demonstrate accurate pronunciation in prepared discourse of accurate sounds, word stress, rhythm, sentence stress, intonation, and pausing covered at this level as measured by a presentation of 4-5 minutes and/or a prepared summary for a class discussion.
- The student can demonstrate a high degree of accuracy in spontaneous production of grammatical structures covered in this level as measured by question responses or group discussion.
- The student can demonstrate a high degree of accuracy in prepared grammatical structures covered in this level including reported speech as measured by a presentation of 4-5 minutes and/or a prepared summary for a class discussion.
- The student can demonstrate a high degree of accuracy and range in vocabulary selection covered in this level.
- The student can perform a range of speech functions (including but not limited to conversation management techniques, discussing ideas and viewpoints, giving and responding to advice, managing requests, and summarizing) spontaneously, coherently, cohesively, and fluently as measured by a class discussion or conversation.
- The student can demonstrate the ability to present information effectively in an organized, well-supported, cohesive manner using appropriate speed and non-verbal behavior as measured by a 4-5 minute prepared evaluative or problem-solution speech sample.
- The student can demonstrate appropriate academic culture as measured by classroom behaviors and practice of academic honesty in the US and the University of Iowa.

- Student can demonstrate parsing of word boundaries for numbers within statistics and data as well as varying word forms of familiar vocabulary in continuous speech that contains reduced speech, linking, and blending as measured by cloze tests or dictation.
- Student can assign primary stress to multisyllabic words.
- Student can demonstrate listening comprehension of an 18-20 minute academic lecture with vocabulary and grammar structures covered in class as measured by multiple choice questions, short responses, and summaries.
- Student can demonstrate comprehension of a speaker’s intent as measured by the ability to make inferences based on types of suprasegmentals and vocabulary usage.
- Student can demonstrate accurate pronunciation in spontaneous discourse through accurate sounds, word stress, rhythm, sentence stress, intonation, and pausing covered at this level as measured by question responses or group discussion.
- Student can demonstrate accurate pronunciation in prepared discourse of accurate sounds, word stress, rhythm, sentence stress, intonation, and pausing covered at this level as measured by a presentation of 5-6 minutes and/or a prepared summary for a class discussion.
- The student can demonstrate a high degree of accuracy in spontaneous production of grammatical structures covered in this level as measured by question responses or group discussion.
- The student can demonstrate a high degree of accuracy in prepared grammatical structures covered in this level including reported speech as measured by a presentation of 5-6 minutes and/or a prepared summary for a class discussion.
- The student can demonstrate a high degree of accuracy and range in vocabulary selection covered in this level.
- The student can perform a range of speech functions (including but not limited to conversation management techniques, discussing ideas and viewpoints, giving and responding to advice, managing requests, summarizing, and predicting) spontaneously, coherently, cohesively, and fluently as measured by a class discussion or conversation.
- The student can demonstrate the ability to present information effectively in an organized, well-supported, cohesive manner using appropriate speed and non-verbal behavior as measured by a 5-6 minute prepared research-oriented informative or argumentative speech.
- The student can demonstrate appropriate academic culture as measured by classroom behaviors and practice of academic honesty in the US and the University of Iowa.

</table>
| **In order to move to Level E** | A2/B1 | • Students will be able to classify words into basic parts of speech: nouns, pronouns, verbs (main and auxiliary), modals, adjectives, adverbs, prepositions, articles, and conjunctions as measured by in-class activities that label parts of speech or identify word forms within word families.  
• Students will be able to express ideas by creating simple and compound declarative statements, negation and interrogatives using appropriate word order, agreement, and punctuation as well as simple and progressive verbs forms for the present, past and future as measured by fill-in-the-blank, sentence combination, sentence creation, and editing tasks.  
• Students will be able to compare visuals comprehensibly using the –er and –est morphemes as measured by fill-in-the-blank tasks or short answers based on illustrations.  
• Student will be able to express basic pragmatic information of ability, politeness, advice, and necessity using appropriate modal auxiliaries as measured by fill-in-the-blank and/or editing tasks. |
| **In order to move to Level E1** | B1 | • Students will be able to classify words into parts of speech: nouns, pronouns, verbs (main and auxiliary), adjectives, adverbs, prepositions, articles, and conjunctions (coordinating and subordinating) as measured by in-class activities that label parts of speech or identify word forms within word families.  
• Students will be able to create simple, compound, and select complex declarative statements, negation, and interrogatives using appropriate word order, word forms, agreement, and punctuation as well as simple and progressive verbs forms for the present, past and future along with present perfect as measured by fill-in-the-blank, sentence combination, sentence creation, sentence transformation, and/or editing tasks.  
• Students will be able to compare visuals comprehensibly using morphemes and phrases as measured by fill-in-the-blank tasks, short answers based on illustrations, multiple choice, and/or sentence creation with teacher-provided adjectives and adverbs.  
• Student will be able to express pragmatic information of ability, politeness, advice, necessity, and possibility using appropriate modal auxiliaries as measured by fill-in-the-blank, editing tasks, multiple choice, and/or sentence creation.  
• Students will be able to select and produce modals of possibility and advice, simple and progressive verbs in the past and present as well as comparative/superlative morphemes and phrases as measured by verbal responses to pictures or teacher-student interviews. |
| In order to move to Level | B1+/B2 | • Students will be able to classify words into parts of speech: nouns, pronouns, verbs (main and auxiliary), adjectives, adverbs, prepositions, articles, and conjunctions (coordinating and subordinating) as measured by in-class activities that label parts of speech or identify word forms within word families.  
• Students will be able to create simple, compound, and select complex declarative statements, negation, and interrogatives using appropriate word order, word forms including gerunds and infinitives, agreement, and punctuation as well as simple, progressive, perfect, and passive verbs forms for the present, past and future as measured by paragraph writing as well as fill-in-the-blank, sentence combination, sentence transformation, and/or editing tasks.  
• Student will be able to express ideas using appropriate word forms including gerunds and infinitives as measured by fill-in-the-blank, editing tasks, multiple choice, and/or sentence creation.  
• Student will be able to express pragmatic information of ability, politeness, advice, necessity, and possibility using appropriate modal auxiliaries as measured by fill-in-the-blank, editing tasks, multiple choice, and/or sentence creation.  
• Students will be able to select and produce modals of possibility and advice, noun clauses as well as gerunds and infinitives as measured by verbal responses to pictures or teacher-student interviews. |
