During the Fall Semester, University of Iowa students can take a three-credit course that involves sport business consulting for the John Deere Classic PGA tournament!

The John Deere Classic executive staff will task students with projects related to sport business and the execution of a world class PGA event. Two potential projects include:

- Building a strategic recruitment and retention plan to maintain the more than 2000+ member volunteer base.
- Ticket packets and sales lead generation in the greater Midwest region.

Check out the details below:

- Course will take place during the Fall Semester.
- Class meeting times will 2-3:15, Tues/Thurs.
- Executives from the John Deere Classic will present project specifics at the beginning of the course. Students will conduct research and develop recommendations, which will be presented to the tournament staff at the conclusion of the course.
- Class size is limited! Due to high demand, students will be required to apply for acceptance, just like an internship or job.
