Margaret Murray

Mar 24 at 6:21pm

This is the place where you will actually upload your Speech 1 presentation. Once your speech presentation is uploaded, you will also comment on the Speech 1 presentations of other students in your group.

Instructions for Preparing your Speech 1 Video

STEP ONE: Write a brief (one-to-three sentence) introduction to the commercial you plan to show us.

STEP TWO: Obtain the url of a link to that commercial.

STEP THREE: Make a video of yourself delivering the portion of your Speech that follows the showing of the video. You can do this in a variety of ways, including (a) creating a video using your laptop or (b) creating a video by recording a Zoom session with yourself. Aim for a video that is 3 to 5 minutes long, saving it as an .mp4 file.

STEP FOUR: Rename the .mp4 file with a title that includes your last name.

STEP FIVE: Click on the UICapture tab on the left-hand side ICON navigation and upload your .mp4 file to the folder there labeled **Spring 2020 - RHET:1030:0033 Spr20 [assignments]**

Instructions for your first Discussion post, in which you will submit your video:

In the text box provided, please insert the following items in the order indicated:

1. Type your brief (one-to-three sentence) introduction to your video ad.
2. Insert a link to the video online (type the url) so that we can watch it.
3. In the navigation above this text box, locate the V symbol, pull the drop-down menu, and select **UI Capture** from that menu. You will then see a dialog box, which will allow you to embed the .mp4 file you previously uploaded to the **Spring 2020 - RHET:1030:0033 Spr20 [assignments]** folder.
