Graduate Appointment for FY2024

The Grad Reappointment system opened **May 31, 2023**. The application will close on August 12, 2023. Because registration information is included in the reappointment system, any employee with access to the reappointment system needs to complete FERPA training.

Departments should complete as many appointments/reappointments/terminations as possible by **July 1** in order for students' u-bills and accounting information to be correct. The Graduate College will charge a departmental GEF (050) tuition supplement account based on appointment/MFK information in the system. The first u-bill for fall is August 1.

As you complete each student's reappointment, use the "SAVE AND FINALIZE" option. When entering a new graduate employee in the HR appointment form, you will need to use an existing position number or create a new one in the Position Management System. HR Reports/Position Management Reports can help you identify available existing position numbers. If there are any reappointments that cannot be completed by **July 1**, use the comment field to indicate why that student's appointment could not yet be made (e.g., needs to complete ESPA Exam on 8/XX/23 before assignment can be made).

Termination of records cannot be processed in the reappointment system; terminations are completed in Employee Self Service > HR Transaction System. Further guidance on Graduate Appointments can be found [here](#).

If you have questions on how to use the Grad Reappointment system, please contact Kristina Swanson (kristina-swanson@uiowa.edu).

System Access & Security

The College has a process in place for assigning and removing system access, workflow paths and secondary security, including MAUI and UI Center for Advancement, for DEO's, Administrator's, and Human Resources personnel. We are notified when changes are/will be occurring for these positions and will ensure that all security will be transitioned or changed. For changes in security access for other staff or faculty positions, please notify Kelly Kauffman (Kelly-kauffman@uiowa.edu).

Financial Compliance Responsibilities

As the end of the fiscal year approaches, there are some important financial compliance responsibilities that should be addressed.

Financial Accounts Reconciliations: Account Reviewers must reconcile all current fiscal year TDRs in a timely manner. Business Officers & Departmental Administrators may review the reconciliation status by using the EFR Dashboard (refer to pages 5-6 of the EFR Dashboard User Manual). Related policy: <https://afr.fo.uiowa.edu/policies-procedures-resources/monthly-review-transactions-and-accounts>.

Management of Deficit Balances: It is always important for gifts, grants or contracts that are closing in a given month or in deficit status be reviewed in a timely manner, but those with a June 30 end date it is necessary for the Principal Investigator, Department Administrator, and/or Org Administrator to review and take action as we are also working to close fiscal year. Related policy: <https://gao.fo.uiowa.edu/gifts/managing-deficit-balances>.

Cash Handling Compliance: Units must have updated/approved local cash handling procedures on file with AFR. At a minimum, these procedures should be reviewed annually to determine if any changes have occurred and if resubmission is necessary. Please verify that assignment of cash handling roles are current in the Institutional Roles application and the individuals are compliant with training requirements. Related policy: <https://afr.fo.uiowa.edu/cash-handling/cash-handling-deposits-policies-and-procedures>.
