

Summer Researcher-in-Residence Program

The Summer Researcher-in-Residence Program provides dedicated time and support from **June 20 to July 21** for individuals to work on research of significant public interest.

The program provides **up to three scholars** with a comfortable office, a \$1,500 stipend, staff, IT support and software, and other research support in a collaborative and welcoming environment. During the residency, researchers will meet regularly to share their progress with one another.

Eligibility:

- Full-time UI faculty or staff members
- Ability to work full-time during the residency
- Willingness to participate in orientation and work-in-progress discussions

Application Materials and Guidelines:

- Cover page including name, department, and contact information
- CV
- Project title and abstract (100 words or less), to be published on PPC website upon selection
- Project description including:
 1. Overview of the project and methodology
 2. Project significance
 3. Brief plan of the current progress, goals for the summer residency, and timeline to completion
 4. Anticipated outcome(s) for work completed during the residency
 5. How you hope to benefit from and contribute to the multi-disciplinary community of the Center

For more detailed information on eligibility and application guidelines, [visit our website](#).

The deadline to apply is **May 19, 2023 by 5:00 p.m.** Awardees will be notified by May 30.

Please email your PDF application to Julianna-Lee@uiowa.edu.

Summer Fellowship for Qualitative Research

The Summer Fellowship for Qualitative Research provides dedicated time and support from **June 20 to July 21** for individuals to develop research projects that use qualitative approaches, including ethnography, historical and archival research, content analysis, case studies, action research, and mixed-method designs. Project work may involve grant development, data collection or curation, manuscript writing and dissemination, or other phases of the research process.

The program provides **up to two scholars** with a comfortable office, a \$1,500 stipend, staff and IT support, software, focus group development, and other research support in a collaborative and welcoming environment.

Eligibility:

- Full-time UI faculty or staff members
- Ability to work full-time during the residency
- Willingness to participate in orientation and work-in-progress discussions

Application Materials and Guidelines:

- Cover page including name, department, and contact information
- CV
- Project title and abstract (100 words or less), to be published on PPC website upon selection
- Project description including:
 1. Overview of the project and methodology
 2. Project significance
 3. Brief plan of the current progress, goals for the summer residency, and timeline to completion
 4. Anticipated outcome(s) for work completed during the residency
 5. How you hope to benefit from and contribute to the multi-disciplinary community of the Center
