Register now on ISIS for fall 2013: Human Rights and the Arts

A study of the ways in which violations of and struggles for human rights have affected and been affected by literary, musical, visual, architectural, and theatrical / dramatic arts in various countries past and present. Art will be considered as expression, as marker of identity, as historical document.

Through carefully selected case studies the course will consider intersections between various artforms / specific artworks and human rights from various perspectives:

§ art created in reaction to / as a reflection of violations of human rights
§ art appropriated for various purposes associated with human rights, e.g., solidarity, empowerment, to make “statements”
§ the effect of oppressive policies on the artistic production
§ artworks with content reflecting human rights issues

Topics will be approached both through theoretical grounding and practical application.

FALL 2013
“Early Literacy Instruction for Young Children”

003:187:001 (CSD: 3187:0001) Early Literacy Instr for Young Children – 3 s.h.

This is a service-learning course that involves student participation in an early literacy program for preschoolers. Students will be taught the concepts and skills necessary to conduct “story time” groups with young children that target their development of print knowledge. In addition, they will gain experience in applying what they have learned by reading aloud twice weekly to small groups of preschool children at Roundy Elementary in Columbus Junction, Iowa, a small town 35 miles south of Iowa City.

The school district is culturally diverse, with 64% of the children 2nd generation Hispanic (primarily Mexican). The majority of Hispanic children are not native speakers of English, and Spanish is the exclusive language spoken at home. Further, the community has recently become home to families from Myanmar, and the children from these families speak Burmese as their first language.

This class will provide you with valuable experience working with the same group of children in a preschool setting, at the same time as you are providing an important service that will have a positive impact on children’s school success. Opportunities for community engagement will be provided. Transportation will be arranged.

Learn about literacy development, build community, and have fun!

- There are two sections of this class – register for one.
- Sections are M/W 8-11 OR T/Th 8-11
- Details about transportation and specific training will be provided via email prior to the beginning of the semester

For more information, contact: Prof. Patricia Zebrowski (tricia-zebrowski@uiowa.ed) or Prof. Linda Louko (linda-louko@uiowa.edu) in the Department of Communication Sciences and Disorders.
