**Course Policies:**

**Attendance**

I will keep a record of your attendance and expect you to be here every day. Attendance counts for 100 points and 10% of your final grade (See details in Assignment Overview). Absences are excused for internships, job interviews, University-related activities, and religious observances. Be sure to let me know ahead of time if a class meeting conflicts with any such commitments, and please provide documentation if/when necessary. Absences due to illnesses are excused only with a doctor’s note. Let me know in advance when you can, but please note that unexcused absences, for whatever reason, will factor into your final grade as outlined below. Unexcused absences will impact the contribution portion of your grade.

If you find that a serious health or other problem is affecting your work, please discuss it with me ASAP. If you wait until the end of the semester to reach out, I can’t help you make other arrangements. In addition, be sure to let me know right away if you have a conflict with the scheduled exam times.

If you miss class, you are still responsible for any schedule changes announced. Check ICON and be in touch with a classmate to find out what went on in your absence.

**Assignments**

It’s essential that you meet deadlines with no exceptions. I will accept late work only in extreme circumstances. It is important that you communicate with me as soon as possible if you feel you will miss turning in an assignment and provide adequate documentation to prove your given excuse. Any unexcused late work will lose 10% per day and will not be accepted more than 5 days late.
Course Expectations Workload

The UI College of Liberal Arts guidelines state that each semester hour of class time should entail around two hours per week of outside homework and class preparation for the average student. For example, in our 3 semester hour course, students should expect (on average) 6 additional hours of outside work per week or a total of around 9 hours per course per week if classroom time is included. Although spending time outside of class is expected and important, we will also reserve time in class toward the end of the semester for working on your final project and major assignments. Students are expected to make the most of this time and come prepared to be productive.

Collaboration

Many projects in class are collaborative. Each student on a team is expected to complete a similar amount of work and to contribute equally to projects. Each student will complete a self-evaluation and a group evaluation, describing this equality or the lack of it during the group’s work. Students who misrepresent themselves as equal partners in this collaborative project but who are actually letting others do the bulk of the work will be reported to the College for academic dishonesty. If you have questions, it is your responsibility to ask them.

Information for Undergraduates

Absences and Attendance

Students are responsible for attending class and for contributing to the learning environment of a course. Students are also responsible for knowing their course absence policies, which will vary by instructor. All absence policies, however, must uphold the UI policy related to student illness, mandatory religious obligations, including Holy Day obligations, unavoidable circumstances, or University authorized activities (https://clas.uiowa.edu/students/handbook/attendance-absences). Students may use this absence form to aid communication; the instructor will decide if the absence is excused or unexcused (https://clas.uiowa.edu/sites/default/files/ABSENCE%20EXPLANATION%20FORM2019.pdf).

Academic Integrity

All undergraduates enrolled in courses offered by CLAS have, in essence, agreed to the College’s Code of Academic Honesty. Misconduct is reported to the College, resulting in suspension or other sanctions, with sanctions communicated with the student through the UI email address (https://clas.uiowa.edu/students/handbook/academic-fraud-honor-code).
Accommodations for Disabilities

UI is committed to an educational experience that is accessible to all students. A student may request academic accommodations for a disability (such as mental health, attention, learning, vision, and physical or health-related condition) by registering with Student Disability Services (SDS). The student is then responsible for discussing specific accommodations with the instructor. More information is at https://sds.studentlife.uiowa.edu/.

Administrative Home of the Course

The College of Liberal Arts and Sciences (CLAS) is the administrative home of this course and governs its add/drop deadlines, the second-grade-only option, and related policies. Other colleges may have different policies. CLAS policies may be found here: https://clas.uiowa.edu/students/handbook.

Communication and the Required Use of UI Email

Students are responsible for official correspondences sent to the UI email address (uiowa.edu) and must use this address for all communication within UI (Operations Manual, III.15.2).

Complaints

Students with a complaint about an academic issue should first visit with the instructor or course supervisor and then with the Chair of the department or program offering the course; students may next bring the issue to the College of Liberal Arts and Sciences. For more information, see https://clas.uiowa.edu/students/handbook/student-rights-responsibilities.

Final Examination Policies

The final exam schedule is announced around the fifth week of classes; students are responsible for knowing the date, time, and place of a final exam. Students should not make travel plans until knowing this information. No exams of any kind are allowed the week before finals. Visit https://registrar.uiowa.edu/final-examination-scheduling-policies.

Nondiscrimination in the Classroom

UI is committed to making the classroom a respectful and inclusive space for all people irrespective of their gender, sexual, racial, religious or other identities. Toward this goal, students are invited to optionally share their preferred names and pronouns with their instructors and classmates. The University of Iowa prohibits discrimination and harassment against individuals on the basis of race, class, gender, sexual orientation, national origin, and other identity categories.
set forth in the University’s Human Rights policy. For more information, contact the Office of Equal Opportunity and Diversity (diversity.uiowa.edu).

Sexual Harassment

Sexual harassment subverts the mission of the University and threatens the well-being of students, faculty, and staff. All members of the UI community must uphold the UI mission and contribute to a safe environment that enhances learning. Incidents of sexual harassment must be reported immediately. For assistance, please see https://osmrc.uiowa.edu/.

• Review completed work
• What questions or deliverables do you still need from the client
• What are you working on next
• What does the timeline for completion look like

In addition to this brief discussion, the group will be required to have a printed copy of a status report ready for the professor when she visits your group. This should be filled in collaboratively so that anyone in the group could answer questions about it.

Additional details available in ICON.
