Job Description

Full-time licensed LISW, Ph.D, or Psy.D to work in outpatient setting within Pine Rest Christian Mental Health Service's Pella Clinic. Clinician will be responsible for evaluating bio-psycho-social needs of clients, establishing treatment goals, and implementing appropriate therapeutic interventions based upon clinical knowledge base and educational background (to include individual, group, and family modalities.). Clinician will also complete resource and discharge planning for clients and collaborate with other treatment team members regarding client's progress through interdisciplinary team meetings, record review, and informal discussions. Clinician will ensure client's progress notes are entered into the electronic medical record in a timely fashion and in accordance with established organizational and departmental procedures. Clinician will have opportunity to provide substance abuse assessment and treatment in addition to mental health assessment and treatment.

Job Requirements

Ideal candidate will possess:

- Iowa license as LISW, PhD, or Psy.D
- License as CADC, IADC, or IAADC
- Networking skills
- Computer and documentation skills allowing individual to manage an electronic medical record
- Excellent generalist clinical skills and interpersonal relationship skills
- Ability to work within a performance based system
