If you are ready to take your therapeutic experience to a new level, residential treatment for troubled adolescents may be right for you. At Piney Ridge Center you will treat some of the most compromised youth in the nation. We are an intense level of treatment for children not offered in many facilities. In the course of a year you will treat more severe issues than some therapists will see in a career.

While the overall style at Piney Ridge Center is a Trauma Focused CBT program, many different backgrounds find a solid home here. Supervision, training and case consultation allow a therapist to grow and utilize their skills to make a difference in these difficult kids. Our team is the village that wraps around these children to make a difference.

Whether you are a new grad ready to test for your license, a provisional licensee, or a long term experienced therapist, Piney Ridge Center is a welcoming place to develop and hone your skills. We offer a competitive salary scale along with benefits, training, and support. Contact us today to start making a real difference. Ph.D., E.D., Psy.D., MSW, MS, MA required. Must be licensed or license eligible.
