Employment Opportunity

Position / Location: Part-Time Behavioral Health Therapist to provide outpatient mental health counseling services via teletherapy. Services will be provided remotely, as part of the outpatient specialty clinics at Harrison County Community Hospital in Bethany, MO.

If you are a self-motivated mental health provider looking to work a flexible schedule with competitive pay, from the comfort of your own home or office, while supporting underserved populations, please consider applying today!

Required Qualifications:
- Master’s degree or higher in a behavioral health field from an accredited institution.
- Missouri licensure in good standing (LCSW, LPC, or Psychologist).
- Ability to work remotely using a HIPAA compliant videoconferencing platform.

Experience: All qualified applicants will be considered, including early career professionals and those with temporary licenses. Preference will be given to those with independent licensure, strong technology skills and familiarity with teletherapy, relevant clinical experience, training in evidence-based practices, and willingness to work with the full age range of clients.

About CHCSI:
Community Health Centers of Southern Iowa (CHCSI) is a Federally Qualified Health Center. Our growing interdisciplinary team of behavioral health providers consists of nearly 30 substance abuse counselors, therapists, social workers, psychologists, psychiatric nurse practitioners, and psychiatrists. CHCSI manages ten locations across south-central Iowa and north-central Missouri, including primary care sites and sites providing behavioral health and substance abuse services.

CHCSI is guided by our mission statement, "CHCSI will make high quality health care accessible to everyone in our region."
