Social Worker/Mental Health Counselor/Psychologist

Wanted: Licensed Independent Social Worker/Licensed Mental Health Counselor/Licensed Psychologist to provide outpatient counseling services. We are a not-for-profit organization offering outpatient mental health counseling services to children, adolescents, adults and families. We are dedicated to offering high quality, effective and evidence based mental health services, with offices located in Marshalltown and Toledo, Iowa. All areas of specialization will be considered for individuals prepared at the Master’s Level. The qualified applicant will be licensed in their respective field of study, or licensure eligible. In addition to providing outpatient counseling services, the qualified applicant will be able to perform a variety of outpatient duties including conducting mental health assessments, maintaining appropriate documentation, participation in interdisciplinary consultation, and must be able to develop appropriate professional working relationships with other area providers. Other necessary skills include knowledge in mental health performance standards, strong written and oral communication skills and knowledge of evidence-based models of treatment. The qualified applicant will be willing to work with clients of all ages. Salary commensurate with experience. Sign on bonus available. Spanish language skills a plus.
